ORGANIZATIONAL PROFILE

The Alberta Gaming and Liquor Commission is an agent of the Government of Alberta and consists of a Board and a Corporation.

The Board is responsible for ensuring that the powers and duties of the Corporation are appropriately carried out; establishing the policies of the Corporation; and, conducting hearings and making decisions respecting licences and registration.

The Corporation consists of administrative and operational divisions responsible for the day-to-day functioning of the Corporation.

The mission of the Alberta Gaming and Liquor Commission is to maintain the integrity of gaming and liquor activities in Alberta and collect revenues for the province.

The Alberta Gaming and Liquor Commission's mandate, in accordance with the Gaming and Liquor Act, the Criminal Code (Canada) and within the policy framework established by government, includes the following:

- licence, regulate and monitor gaming and liquor activities in Alberta;
- define operating policies and procedures for gaming and liquor activities;
- ensure integrity and social responsibility in the operation of gaming and liquor activities;
- collect gaming and liquor revenue;

- ensure business and program operations are run efficiently and effectively;
- disburse provincial lottery revenues;
- support industry and government initiatives to address problem gambling and responsible alcohol consumption;
- communicate to gaming and liquor stakeholders accurate and timely information.

The Commission administers the Alberta Lottery Fund under the provisions of the Gaming and Liquor Act.

YEAR IN REVIEW

ALBERTA LOTTERY FUND

The Alberta Lottery Fund is used to support over 4,000 community initiatives each year. These initiatives include the purchase of advanced medical equipment, health and wellness programs, education, recreation, cultural initiatives, agricultural initiatives and many other types of initiatives. Funds also are used to supplement the province's General Revenue funds.

RETURN TO CHARITIES FROM CHARITABLE GAMING

Return to charities from charitable gaming (i.e. bingo, casinos, raffles and pull tickets) was \$128.6 million compared to \$106.2 million in 1996/97. This was due to increased revenues to charities from casino operations and bingo events. There was also additional revenues from electronic gaming (slot machine) activities. None of the net proceeds from charitable gaming accrue to Government. The AGLC collects only licence fees for charitable gaming activities.

WAREHOUSING AND DISTRIBUTION

AGLC had three primary warehouseurs and distributors: Connect Logistics Services Inc. for liquor and import beer, and Brewers Distributors Limited and Big Rock for domestic beer. Warehousing and distribution rates are set by warehouseurs. Effective April 29, 1998, the Stroh Brewery was appointed as a warehouseur and distributor of Stroh Brewery products.

VIDEO LOTTERY TERMINAL OPERATIONS

The AGLC has maintained the maximum number of video lottery terminals (VLTs) in the Province at 6,000. The initiative to phase-out VLTs in multiple licenced facilities is targeted for completion by December 2000. As at March 31, 1998, there were 172 multiple licences in 76 locations, compared to 225 multiple licences in 101 locations as of October 8, 1995.

CASINO GAMING TERMINAL OPERATIONS

Casino Gaming Terminal activities, principally slot machines, were expanded during fiscal 1997/98, resulting in increased financial returns to charities and helping to facilitate the Alberta Racing Renewal Initiative. The increase in revenues to charities from slot machines and Electronic Race Games in charitable casinos amounted to \$8.48 million, while \$4.8 million of revenue was earned and distributed to the racing industry from Casino Gaming Terminal and Sega Race Game activities in the province's two racing entertainment centres.

ABORIGINAL GAMING

First Nations interested in developing and operating casinos have met with the Commission for input, planning, and clarification sessions. The Government of Alberta has confirmed that the development of any aboriginal gaming initiatives must be consistent with the province's charitable gaming model.

YEAR IN REVIEW (Continued)

GAMING, LIQUOR AND TOBACCO COMPLIANCE ACTIVITIES

The following compliance activities, undertaken by the AGLC, help ensure that the provisions of the Gaming and Liquor Act, Tobacco Tax Act, Criminal Code and Commission policies are effectively enforced.

Gaming

A total of 149 incident reports were filed on gaming related matters during the fiscal year. These incidents concerned violations of VLT retailer agreements, cheating at play in casinos, illegal gaming activities, activities of registered gaming workers as well as the contravention of Board policies respecting legal gaming activities for raffles, pull tickets, bingos and casinos. Of primary concern in the enforcement activities was maintaining the integrity of legal gaming in Alberta.

In addition to the incident reports filed, there were 154 new gaming investigation files opened by the Commission's Special Operations Division. This resulted in 40 charges being laid under the Gaming and Liquor Act. Many of the investigations have resulted in charges being laid under the Criminal Code. In many cases, Special Operations have been able to help charitable organizations recover gaming funds missing from their bank account through theft or fraud.

Liquor

A total of 647 incident reports were filed on liquor-related matters (433 in 1996/97). These incident reports focus on five key areas of enforcement: illegal liquor, liquor service to minors, over-service, after hours liquor service and prohibited relationships between liquor suppliers and liquor licensees. The major

increase in incidents can be attributed to after hours liquor service and prohibited relationships.

Tobacco

Under the Tobacco Tax Act, 54 new investigation files were opened during the fiscal year. This resulted in seven charges being laid under the Tobacco Tax Act. The Commission carried out 85 compliance checks with tobacco retailers to ensure that tobacco being sold has been legally purchased. The smuggling of illegal cigarettes into Alberta for sale both to tobacco retailers and the general public is a concern of the Commission. These enforcement activities are undertaken to reduce the province's lost tax revenue from cigarette sales.

YEAR IN REVIEW (Continued)

ADDRESSING SOCIAL ISSUES

The AGLC is involved in programs or activities aimed at addressing problem gambling and encouraging the responsible use of alcohol products.

Working with the gaming industry, the AGLC disseminates information about the Alberta Alcohol and Drug Abuse Commission's (AADAC) 24-hour problem gambling help-line. It will consult with industry members from time to time on adopting programs to reduce problem gambling. The AGLC will be involved in implementing various recommendations of the Lotteries and Gaming Summit '98, including working with AADAC to increase the visibility of problem gambling prevention and education programs.

AGLC routinely provides information aimed at helping Albertans understand the gaming industry in the province, including the nature, extent and type of gaming activities. This information is often requested by groups looking into the social or economic impacts of gaming.

The AGLC is represented on the Fetal Alcohol Syndrome Provincial Coordinating Committee, examining ways to reduce the incidence of fetal alcohol syndrome in children. It also routinely encourages liquor licensees and manufacturers to promote the responsible use of alcohol in their promotions or advertising.

FINANCIAL STATEMENTS

AUDITOR'S REPORT

To the Members of the
Alberta Gaming and Liquor Commission

I have audited the balance sheet of the Alberta Gaming and Liquor Commission as at March 31, 1998 and the statements of net income and changes in financial position for the year then ended. These financial statements are the responsibility of the Commission's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Commission as at March 31, 1998 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

NOTE 1 AUTHORITY AND PURPOSE

The Alberta Gaming and Liquor Commission (the Commission) operates under the authority of the Gaming and Liquor Act, Chapter G-0.5, Statutes of Alberta 1996.

The Commission conducts and manages provincial lotteries, carries out functions respecting gaming under the Criminal Code of Canada, and controls, in accordance with legislation, the manufacture, importation, sale and purchase of liquor for the Government of Alberta.

The net proceeds arising from the conduct of authorized ticket lottery, video lottery and casino gaming terminal operations in Alberta are remittable to the Lottery Fund. The net proceeds of liquor operations and other income are remittable to the General Revenue Fund.

The Commission is a Crown agent of the Government of Alberta and as such, has a tax-exempt status.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES

Joint Venture

Alberta's share of the operations of the Western Canada Lottery Corporation is accounted for as a joint venture.

Inventories

Supplies inventories are valued at weighted average cost which is not in excess of net replacement value.

Inventory held on behalf of liquor suppliers or agents, and related duties and taxes, are not recorded in the financial statements.

Capital Assets

Capital assets are stated at cost less accumulated amortization. Amortization is calculated on the straight-line method at annual rates which will reduce the original cost to estimated residual value over the useful lives of the assets, as follows:

Buildings and Leasehold Improvements	2.5% or 10% (or lease term)
Gaming Systems and Equipment	20% or 33.3%
Furniture and Equipment	10% or 20%
Retailer Fixtures and Signage	20%
Computer Software	33.3%
Vehicles	20% or 33.3%

NOTES TO THE FINANCIAL STATEMENTS

(tabular amounts in thousands)

March 31, 1998

NOTE 2 (Con't)

Capital assets held for sale are stated at estimated net realizable value.

Write-downs of capital assets to estimated net recoverable amount or to net realizable value are included in accumulated amortization.

Pension Costs

Pension costs comprise: the cost of pension benefits earned by employees during the year; interest on the Commission's share of the unfunded pension liability; the amortization of deferred adjustments over the expected average remaining service life of employees which relate to the long term; realized gains and losses; and the effect of the change in the ratio used to allocate the plan's total unfunded liability to participating entities. The net expense or recovery is included as part of salaries and benefits in operating expenses.

Actuarial valuations were determined using the projected benefit method prorated on service. Assumptions used in the valuations are based on each Pension Board's best estimate of future events. Each plan's future experience will inevitably vary, perhaps significantly, from the assumptions. Any differences between the actuarial assumptions and future experience will emerge as gains or losses in future valuations. Gains and losses which relate to the long-term are amortized over the expected average remaining service life of the employee group. Gains or losses for which there is a reasonable assurance regarding their measurement and realization are recognized as income immediately.

Ticket Lottery Revenue

Ticket lottery revenue is recorded as of the date of the draw with the exception of instant game revenue, which is recognized at the time of sale to the retailer.

NOTE 4 MORTGAGES RECEIVABLE

During fiscal 1993, the Alberta Liquor Control Board sold the Calgary warehouse for a total consideration of \$9,000,000. The Board entered into a first mortgage agreement with the purchaser in the amount of \$8,490,000 and a second mortgage agreement in the amount of \$500,000. Both mortgages were secured by a first charge on the property and chattels.

As at March 31, 1997, the mortgages in the amount of \$8,357,000 were in default due to missed mortgage payments and non-payment of property taxes. As a consequence of the default, the mortgages were immediately repayable in full. Subsequent to March 31, 1998, the Commission recovered the full amount owing on the mortgages receivable.

NOTE 8 PENSION LIABILITY

The Commission participates with other employers in the Public Service Pension Plan and the Management Employees Pension Plan. These plans provide pensions for the Commission's employees based on years of service and earnings.

The Commission had an unfunded pension liability for each plan as at March 31, which was as follows:

	<u>1998</u>	<u>1997</u>
Public Service Pension Plan	\$ 465	\$ 548
Management Employees Pension Plan	<u>414</u>	<u>647</u>
	<u>\$ 879</u>	<u>\$ 1,195</u>

The total unfunded pension liability for each plan as at March 31, 1998 was determined by actuarial valuations as at December 31, 1995 for the Public Service Pension Plan and as at December 31, 1996 for the Management Employees Pension Plan, both extrapolated to March 31, 1998. The 1997 comparatives were determined as above for the Public Service Pension Plan extrapolated to March 31, 1997 and the Management Employees Pension Plan was determined using an actuarial valuation as at December 31, 1994 extrapolated to March 31, 1997.

The Public Sector Pension Plans Act specifies the basis to determine the amount of the total unfunded liability for each plan which will be funded by employers. The Commission's portion of those employers' liabilities was based on the Commission's percentage of the total pensionable payroll of all employers in each Plan.

NOTE 9 APPROPRIATION FOR CAPITAL

Under the Gaming and Liquor Act, Transitional Regulation, the Commission was allowed to maintain a capital account, until March 31, 1998, to provide funds for acquiring land and buildings and maintaining other assets necessary to the liquor operations of the Commission. On March 31, 1998, this amount became payable to the General Revenue Fund.

NOTE 10 BUDGET

The Commission, in its annual business plan, includes its annual budget on a summarized basis. The summarized budget receives approval by the Minister responsible for the Alberta Gaming and Liquor Commission and becomes part of the estimates of the Government. The Government Estimates are approved by the Legislature.

NOTE 13

CONTINGENT LIABILITY - LEASE COMMITMENTS

The Commission has a number of properties, primarily former retail liquor stores, that operate under lease arrangements with terms ranging from one to thirty-four years. Most of these properties have been subleased to third parties. The Commission remains liable for the leases should the sub-lessor default on their obligations to the Commission. The approximate rental under these lease arrangements is summarized as follows:

Fiscal	1998-99	\$ 2,596
	1999-2000	2,401
	2000-2001	2,191
	2001-2002	1,623
	2002-2003	1,230
	Balance to expiry	12,653
		<u>\$ 22,694</u>

Estimated future revenues to be derived from subleases amount to \$14,573,000 at March 31, 1998. Provision for loss has been made (see Note 12) where the payments to be received on the sub-leases are less than the lease payments to be made.

NOTE 16

YEAR 2000

The year 2000 issue is the result of some computer programs being written using two digits rather than four to define the applicable year. Computer programs that have date-sensitive software may recognize a date using "00" as the year 1900 rather than the year 2000, which could result in miscalculations or systems failures. In addition, similar problems may arise in some systems if certain dates in 1999 are not recognized as a valid date or are recognized to represent something other than a date. The effects of the year 2000 issue may be experienced before, on, or after January 1, 2000. If not addressed, the effect on operations and financial reporting may range from minor errors to significant systems failures that could affect the ability to conduct some operations.

The Commission is currently working to resolve the potential effect of the year 2000 on the processing of date-sensitive information in a timely manner. The costs of addressing potential problems by modifying, replacing or retiring significant portions of computerized information systems are not expected to have a material adverse effect on the Commission's financial condition. Despite the Commission's efforts to address this issue, it is not possible to be certain that all aspects of the year 2000 issue affecting the Commission, including those related to the efforts of customers, suppliers and other third parties, will be fully resolved.

The payment is made by the Western Canada Lottery Corporation on behalf of Alberta, and is based on current population statistics and its share of ticket lottery sales.
- (b) Taxes are paid to the Government of Canada in lieu of the Goods and Services Tax (GST) on ticket lottery, video lottery and casino gaming terminal sales based on a prescribed formula. This tax is in addition to the GST paid on the purchase of goods and services for which credit is denied under the formula.

LOTTERIES AND GAMING SUMMIT '98

A Look to the Future

In March 1998 the provincial government announced it would be holding a Lotteries and Gaming Summit in Medicine Hat from April 23 to 25. The Summit was in response to the Lotteries Review Committee recommendation of 1995 that lotteries and gaming activity, including allocations from the Alberta Lottery Fund, be reviewed in three years to determine whether further changes are needed to gaming in the province.

Albertans from across the province participated in this summit, including adult citizens chosen at random, as well as those with an expressed interest in gaming and lotteries.

The Government of Alberta has accepted, or accepted in principle, all eight of the recommendations from this Summit.

A summary of the Summit recommendations and the Government response is set out below:

Summit Recommendations

1. That the provincial government dedicate more resources to gaming research in areas like the prevention and treatment of problem gambling, the social impacts of lotteries and gaming, native gaming issues, and emergent gaming activities.

Government Response: Accepted. A Request for Proposals will be developed for an independent gambling research institute. This project will be undertaken jointly by the Alberta Alcohol and Drug Abuse Commission (AADAC), the Alberta Gaming and Liquor Commission (AGLC), and Alberta Community Development (ACD). The independent gambling research institute is to be funded by the Alberta Lottery Fund.

2. That gambling in all forms be restricted to people 18 years of age and older.

Government Response: Accepted. This recommendation primarily affects bingo and horse racing as all other gaming activities are currently age restricted.

3. That the charitable gaming model for operating casinos and bingos be maintained.

Government Response: Accepted.

LOTTERIES AND GAMING SUMMIT '98 - Continued

4. That gaming and lottery profits not be directed to the province's General Revenue Fund.

Government Response: Accepted in principle. This will be part of the government's business planning process.

5. That all gaming and lottery profits collected by the province be directed to supporting charitable or non-profit initiatives.

Government Response: Accepted in principle. This will be part of the government's business planning process.

6. That the amount and public visibility of gambling addiction, prevention and treatment programs be increased.

Government Response: Accepted. This project will be undertaken by AADAC in cooperation with the AGLC and the Alberta Racing Corporation.

7. That lottery and gaming regulators and the provincial government improve accountability and disclosure of gaming activity in the province. This would include keeping citizens in Alberta better informed of the amount, type, costs (social and financial) and benefits of gaming in the province.

Government Response: Accepted. The AGLC, together with ACD, will develop a draft communications strategy for government review.

8. That the guiding principles for lotteries and gaming in Alberta adopted by the provincial government be updated, upgraded, accepted and adhered to.

Government Response: Accepted in principle. A proposal is to be developed by the AGLC for government review.

ALBERTA LOTTERY FUND

The Alberta Lottery Fund is the provincial fund of lottery revenues. This fund consists of revenue generated from electronic gaming (video lottery terminals and slot machines) and ticket lotteries and is managed by the Alberta Gaming and Liquor Commission (AGLC). The AGLC operates all aspects of video lottery and casino gaming terminal operations in the Province of Alberta. Through the Western Canada Lottery Corporation, the AGLC is also responsible for all ticket lottery operations in the province.

Alberta's lottery profits are collected by the AGLC and deposited into the Alberta Lottery Fund. Alberta Lottery Fund expenditures are approved by the Provincial Legislature and subsequently disbursed through the AGLC.

In 1997/98, revenues of \$711.1 Million were earned by the Alberta Lottery Fund. Of this amount, \$123 Million was issued in grant disbursements and an additional \$130 Million was issued to Health Authorities to assist in meeting their Year 2000 compliance requirements. The balance of the revenues were remitted to the General Revenue Fund and used to fund programs in health, education, infrastructure and other priorities as set by the Legislature through the budgeting process.

The Alberta Lottery Fund is used to support over 4,000 worthwhile community initiatives each year such as advanced medical equipment purchases, health and wellness programs, education, recreation, cultural initiatives and funds also supplement the provincial budget.

The following is the list of Alberta Lottery Fund expenditures for the fiscal year 1997/98.
